Startup: **Vroom Cars Ltd.** was established in the year 2021 by the promoters Samarth Aher, Shristi Bisht, Karan Gandhi at SP-TBI of Sardar Patel Institute of Technology, Andheri (West), Mumbai in 2021.

It is a car rental service wherein user will be able to rent and lend cars and earn profits.

The user first will need to verify himself/ herself and then can check the availability status of car and book it if available. He will be able to pick and drop the car within 5km of radii and will be able to exchange the car in case of its breakdown midway and continue its journey.

We aim to provide a sanitized and clean car and the fuel money will also be reimbursed.

Vision

To become a leading car rental brand and have widest number of branches by catering the need of companies or individuals, providing them best quality car and support by means of innovation, customer feedback and self-assessment.

Mission:

We aim to provide finest quality of car and extend our branches all over India and continue providing world class service at affordable rates thus setting higher standards in car rentals.
